Packaging Type:	AA-3141967-Typ 1
Packaging:	Textile rolls wound around a cardboard tube Wrapped in plastic stretch film On a wooden pallet Secured with wooden wedges Lashed down with a plastic strapping band

1. Heavy metals in accordance with Regulation (EU) 2025/40/PPWR

We confirm that the sum of the concentrations of lead (Pb), cadmium (Cd), mercury (Hg), and hexavalent chromium (Cr VI) in the items we have supplied and their packaging does not exceed the total limit of 100 ppm as specified in Article 5 of Regulation (EU) 2025/40.

2. PFAS Limit Values in Accordance with Regulation (EU) 2025/40/PPWR

We confirm that, to the best of our current knowledge, no PFAS (per- and polyfluoroalkyl substances) are intentionally or actively added to the articles we supply to you or their packaging.

Furthermore, we have received no information from our suppliers or raw material manufacturers that would indicate the intentional use of PFAS in the materials, auxiliary substances, products, or packaging used.

3. Traceability in accordance with Regulation (EU) 2025/40/PPWR

We, as the supplier, hereby confirm that the products and packaging we supply meet the requirements of Regulation (EU) 2025/40 on packaging and packaging waste (PPWR) with regard to traceability and labeling.

All products and packaging we supply are fully traceable. Traceability is ensured through the assignment and documentation of: item numbers, order numbers, delivery documents, and production-related information.

This allows for unambiguous assignment of the delivered goods to the corresponding production and delivery batches at any time.

4. Recyclability in accordance with Regulation (EU) 2025/40/PPWR

The products we deliver to you are 100% recyclable in their delivered form according to current standards. Unfortunately, it is not possible at this time to classify them into the recyclability performance levels under the PPWR (A, B, C), as these performance levels have not yet been defined in detail by the European Parliament.

5. REACH Regulation (EC) No. 1907/2006

We further confirm that the items we supply, as well as their packaging, comply with the requirements of the REACH Regulation (EC) No. 1907/2006 regarding the registration, evaluation, authorization, and restriction of chemical substances.

In particular, we confirm that substances on the currently applicable Candidate List of SVHCs (Substances of Very High Concern) are not present in the delivered items and their packaging in concentrations exceeding 0.1% by weight (w/w).

Should any changes occur in the future regarding the SVHC assessment or the composition of our products, we will inform you immediately.

This confirmation is valid as of August 2026 under the applicable legal provisions.

Radevormwald, August 31, 2026
